

Finance B.B.A. Degree

Managerial Finance Concentration

The Finance Major at EKU

The Finance Major (BBA) offers two concentrations: Managerial Finance and Financial Planning.

The Managerial Finance Concentration

The Managerial Finance Concentration should be selected by finance majors interested in obtaining the Certified Financial Manager (CFM) designation. This certification is jointly sponsored by the Financial Management Association and the Institute of Management Accountants. Eastern's Managerial Finance program is one of the few programs nationwide aimed at preparing students for the CFM examination. It combines four advanced courses in managerial accounting with four advanced courses in managerial finance to prepare students for positions in managing financial assets and liabilities.

Career Possibilities in Managerial Finance

Demand for business graduates with the CFM certification is strong and growing both nationwide and in the Bluegrass region. Entry level positions are typically in cash, financial securities, and business debt management. Career paths lead to upper level management. For more information about the CFM designation, visit the Institute of Management Accountants website at <http://imanet.org>.

Student Organization

Finance majors are encouraged to join EKU's student chapter of the Financial Management Association (FMA). Student representatives from this organization attend the FMA Finance Leaders' Conference held in Chicago each spring. This opportunity for professional interaction between practitioners and students includes tours of the Federal Reserve Bank and the Chicago Board of Trade, and speakers on careers in finance. For more information about the FMA, visit their web site at <http://fma.org>.
