A.A.S. in Technology
Computer Electronics Concentration

COMPUTER ELECTRONICS AT EKU
This program prepares technicians to serve as para-professionals in a wide range of companies and organizations where maintenance of computer hardware and/or electronics equipment is required. With the increased use of computers in all phases of human endeavor, the demand for computer technicians with a college degree of this type is projected to increase. Students who successfully complete this degree program may transfer most of the credits earned to the B.S. degree in Network Security and Electronics (NET).

COMPUTER ELECTRONICS CAREERS
Graduates of the computer electronics concentration are prepared for rewarding careers as computer electronic technicians in the public and private sector. Typical job responsibilities include maintaining and installing computers as well as electronics equipment. Students are provided with a sound background in computer electronics by lecture and laboratory coursework that includes electricity, electronics, computer systems and networks. Following successful completion of coursework, students may seek professional certifications in computer hardware, software and networking. On-the-job experience is valued highly by computer electronics employers; therefore, students are encouraged to gain college credit for professional work through cooperative education. A balance of current technical knowledge, co-op experience and appropriate certifications ensures graduates are well prepared to pursue careers in the high-demand area of computer electronics.

DEPARTMENT FACILITIES, EQUIPMENT AND INSTRUCTION
The Department is located in the Ralph W. Whalin Technology Complex which includes approximately 100,000 square feet of classroom and laboratory space. Laboratories housed in the Whalin Complex include aviation, automation, electronics, computer aided drafting (CAD), graphic communications, quality assurance and metrology, materials and metallic processes, construction estimating, fluid power and computer applications. The facilities are located in the central portion of campus, close to the library, classroom buildings and dormitories. Faculty in the department have diversified academic and experience backgrounds. They are experienced, enthusiastic and devoted to providing students the skills necessary to succeed.

## Suggested Curriculum Guide for AAS in Technology, Computer Electronics Concentration

### Freshman (1st Semester) 16 hrs

- BTO 100*: Academic Orientation (1 hr)
- EET 251*: Electricity and Electronics
- EET 252*: Digital Electronics
- TEC 161: Computer Applications in Technology
- E-2 MAT 114 College Algebra or higher
- E-1A ENG 101 English Composition I
  or ENG 105 Honors English

### Freshman (2nd Semester) 15 hrs

- EET 257: Electronic Devices and Circuits
- NET 302^: PC Troubleshooting & Construction
- NET 303^: LANS & PC Communications
- CSC 160: Intro to Programming or higher
- E-1B ENG 102: English Composition II

### Sophomore (1st Semester) 13 hrs

- Select from EET 253: Microprocessor Control Systems
  or EET 351: Programmable Logic Controllers or AEM 352: Automated Technology Devices or NET 395
- NET 354^: Microcomputer & Network Security
- MAT 120: Trigonometry
- E-1C Select from CMS 100: Intro. to Humanities
  or CMS 210: Public Speaking or EES 250: Basic Social Intelligence Skills
- Free Elective (1 hr)

### Sophomore (2nd Semester) 16 hrs

- NET 343: Network Switches & Routers
- NET 399: Associate Capstone Project** or NET 499: Senior Capstone
- E-4 PHY 101: Concepts of the Physical World or higher
- E-5B ECO 230: Principles of Economics
- E-3B Humanities or 3A/B Integrated Arts and Humanities
- NET 349: Co-operative (Co-op) Education (1)
- Exit Exam Departmental (0 hrs)

* These courses should be taken during the first semester of the program.
** This course should be taken during the last semester of the program.
^Some courses may have pre-requisites.

### University Requirements

- Student Success Seminar (BTO 100) .......................................................... 1 hr
- General Education Requirements ............................................................ 18 hrs
  - ENG 101 (1A) and 102 (1B) or 105; MAT 114 or higher (Element 2); humanities (3B or 3A/B); ECO 230 (5B); CMS 100 or 210 or EES 250 (1C).
- Concentration Requirements .................................................................. 39 hrs
  - Computer Electronics Concentration
    - CSC 160 or higher; EET 251, 252, (EET 253 or 351 or AEM 352 or NET 395), 257; NET 302, 303, 343, 349(1), 354, 399 or 499; MAT 120; PHY 101 or higher in GenEd E-4; TEC 161.
- Free Electives ...................................................................................... 1 hr
- Total Curriculum Requirements ......................................................... 60 hrs

Eastern Kentucky University is an Equal Opportunity/Affirmative Action Employer and Educational Institution
