School of Applied Sciences and Technology
College of Business & Technology (2018-19)

A.A.S. in Technology

Computer Electronics Concentration

COMPUTER ELECTRONICS AT EKU

This program prepares technicians to serve as para-professionals in a wide range of companies and organizations where maintenance of computer hardware and/or electronics equipment is required. With the increased use of computers in all phases of human endeavor, the demand for computer technicians with a college degree of this type is projected to increase. Students who successfully complete this degree program may transfer most of the credits earned to the B.S. degree in Network Security and Electronics (NET).

COMPUTER ELECTRONICS CAREERS

Graduates of the computer electronics concentration are prepared for rewarding careers as computer electronic technicians in the public and private sector. Typical job responsibilities include maintaining and installing computers as well as electronics equipment. Students are provided with a sound background in computer electronics by lecture and laboratory coursework that includes electricity, electronics, computer systems and networks. Following successful completion of coursework, students may seek professional certifications in computer hardware, software and networking. On-the-job experience is valued highly by computer electronics employers; therefore, students are encouraged to gain college credit for professional work through cooperative education. A balance of current technical knowledge, co-op experience and appropriate certifications ensures graduates are well prepared to pursue careers in the high-demand area of computer electronics.

DEPARTMENT FACILITIES, EQUIPMENT AND INSTRUCTION

The Department is located in the Ralph W. Whalin Technology Complex which includes approximately 100,000 square feet of classroom and laboratory space. Laboratories housed in the Whalin Complex include aviation, automation, electronics, computer aided drafting (CAD), graphic communications, quality assurance and metrology, materials and metallic processes, construction estimating, fluid power and computer applications. The facilities are located in the central portion of campus, close to the library, classroom buildings and dormitories. Faculty in the department have diversified academic and experience backgrounds. They are experienced, enthusiastic and devoted to providing students the skills necessary to succeed.

The primary organization for students in the Computer Electronics Technology degree program is the Eastern Student Computer Association (ESCA). ESCA is a student-led organization that holds lunch meetings many times per month with presentations on current computing topics such as: operating systems, motherboards, displays, gaming, memory, wireless computing, studying for certification and other topics identified by students or the faculty advisor. The AAS degree program is accredited by the Association of Technology, Management and Applied Engineering (ATMAE).

Suggested Curriculum Guide for AAS in Technology, Computer Electronics Concentration

Freshman (1st Semester) 16 hrs

BTO 100* Academic Orientation (1 hr)
EET 251* Electricity and Electronics
EET 252* Digital Electronics
TEC 161 Computer Applications in Technology
E-2 MAT 112 College Algebra **or higher**
E-1A ENG 101 English Composition I
 or **ENG 105** Honors English

Sophomore (1st Semester) 13 hrs

Select from **EET 253** Microprocessor Control Systems
or EET 351 Programmable Logic Controllers **or AEM**
352 Automated Technology Devices **or NET 395**
 Special Topics in NET
NET 354[^] Microcomputer & Network Security
MAT 120 Trigonometry
E-1C **Select** from **CMS 100** Intro. to Human
 Communication **or CMS 210** Public Speaking **or EES**
250 Basic Social Intelligence Skills
Free Elective (1 hr)

Freshman (2nd Semester) 15 hrs

EET 257 Electronic Devices and Circuits
NET 302[^] PC Troubleshooting & Construction
NET 303[^] LANs & PC Communications
CSC 160 Intro to Programming **or higher**
E-1B ENG 102 English Composition II

Sophomore (2nd Semester) 16 hrs

NET 343 Network Switches & Routers
NET 399 Associate Capstone Project** **or NET**
499 Senior Capstone
E-4 PHY 101 Concepts of the Physical World **or**
higher
E-5B ECO 230 Principles of Economics
E-3B Humanities **or 3A/B** Integrated Arts and
 Humanities
NET 349 Co-operative (Co-op) Education (1)
Exit Exam Departmental (0 hrs)

* These courses should be taken during the first semester of the program.

** This course should be taken during the last semester of the program.

[^]Some courses may have pre-requisites.

University Requirements

Student Success Seminar (BTO 100)	1 hr
General Education Requirements	18 hrs
ENG 101 (1A) and 102 (1B) or 105; MAT 114 or higher (Element 2); humanities (3B or 3A/B); ECO 230 (5B); CMS 100 or 210 or EES 250 (1C).	
Concentration Requirements	39 hrs
Computer Electronics Concentration CSC 160 or higher; EET 251, 252, (EET 253 or 351 or AEM 352 or NET 395), 257; NET 302, 303, 343, 349(1), 354, 399 or 499; MAT 120; PHY 101 or higher in GenEd E-4; TEC 161.	
Free Electives	1 hr
Total Curriculum Requirements	60 hrs
